WELCOME MESSAGE

I am delighted to welcome everybody to the 2023 edition of the Dubai World Cup Carnival, which is being held as usual at the iconic Meydan Racecourse.

Since the very first Carnival back in 2004, we have welcomed some of the best horses, trainers and jockeys from all four corners of the globe to Dubai. We are delighted to have so many international visitors here again for what remains one of the pioneers of world racing festivals. Across the nine meetings, we are confident of upholding our tradition of excellent racing in the build-up to the 27th edition of the Dubai World Cup meeting on March 25th.

Our team at Meydan Racecourse have worked extremely hard over the past few months to prepare for the Carnival and thanks to their efforts we look forward to a competitive and safe three months of racing. I wish all those involved the very best of luck and urge race fans to come along and cheer on their stars – both equine and human.

Sheikh Rashid Bin Dalmook Al Maktoum
Chairman of Dubai Racing Club

HOT ROD CHARLIE

winning the G2 Al Maktoum Challenge R2

- Subsidised horse transportation (Conditions apply. Please see shipping conditions)
- Subsidised travel for Stable Staff and Trainers (Conditions apply, see below)
- Stables open 19th December 2022
- Subsidised world class facilities

Horse Travel

The Dubai Racing Club (DRC) will meet the cost of return transport for each horse to and from its country of residence based on 1/3 share (see previous page), providing the horse runs twice at Meydan during the 2023 Dubai World Cup Carnival.

For countries from where direct travel is not available to the UAE due to quarantine protocols, a travel subsidy will be provided to assist with shipment costs for horses.

If the horse is sold either privately or at public auction in the UAE, the return portion of the transport subsidy is forfeited.

Staff Travel

DRC will subsidise **Stable Staff** economy flights to and from Dubai if trainer is bringing **3 or more horses** and based on the below (conditions apply):

3 - 4 horses	2 people
5 - 7 horses	3 people
8 - 10 horses	4 people

DRC will not be responsible for extra flights due to change of staff during the Carnival or fees relating to any last-minute changes.

Trainer flights will be subsidised by DRC if trainer is bringing **3 or more horses** to participate in the Carnival (conditions apply). Each Trainer will be able to receive 2 return economy class tickets to use during the Carnival as well as discounted rate at DRC associated hotels.

Owner of DWCC horses will be able to receive discounted rates at DRC associated hotels.

The Quarantine Stables

These facilities are located adjacent to Meydan Racecourse, and approximately 25 minutes' drive from Dubai International Airport.

International Quarantine is primarily used for UK and EU horses. In the event of overflow, UK and EU horses will be accommodated in alternative quarantine facilities.

Horses from other countries will be accommodated in Dubai World Cup Quarantine situated alongside International Quarantine.

Apart from stabling horses in modern facilities, the quarantine stables also provide stable staff with on-site accommodation. Included in the staff accommodation is a recreation room and swimming pool. The accommodation is conveniently located to explore Dubai.

Overflow of Stable Staff will be accommodated at the DRC associated hotel with transportation to and from Quarantine Stables.

In the DRC quarantine stables there will be no cost related to

1. Provision of boxes
2. Limited on-site accommodation (on a shared basis allocated to the number of horses)

The following accommodation will be made for stable staff:

1 - 2 horses	1 person
3 - 4 horses	2 people
5 - 7 horses	3 people
8 - 10 horses	4 people
3. DRC quarantine stables security staff	
4. Use of any Meydan training facility	
5. Use of shared administration office	

Accommodation Deposit

AED 1000 security deposit will be required for damages. The full amount will be refunded upon the departure of the staff member if apartment/room has not sustained any damage.

Grooms will be supplied and may be utilized by any trainer in the barn.

All other horse related costs such as veterinary, feed and farrier etc are to be met by the owner/s.

AED 100 + 5% VAT equalling AED 105 (approx. US\$30) for hay and bedding will be charged per day per horse.

PLEASE NOTE: The DRC grooms are there to assist visiting staff only and will NOT be held responsible for the care of the horses. The horses are always the responsibility of the trainers' staff and DRC staff will not be held responsible for the horse/s in the absence of trainer or his/her employees.

Except for those that are required to enter Pre-Export Quarantine, subsidies will end seven (7) days after the horse's final run at Meydan Racecourse.

PLEASE NOTE: All requests pertaining to accommodation and/or the facilities should be directed to the appropriate quarantine facility manager (please find details in Contact Directory)

For those horses remaining in the Quarantine Stables, AED 2,000 (+5% VAT) per month or AED 70 (+5% VAT) box rental will be charged.

HORSE SHIPPING ARRANGEMENTS

All shipping arrangements will be coordinated through Janah Management Company Limited.

The Dubai Racing Club (DRC) will offer, through their appointed agents, shipping of horses to and from Dubai after 19th December 2022 for the 2023 Dubai World Cup Carnival (DWCC).

The DRC will cover the cost of return air freight for each horse accepted into the Dubai World Cup Carnival, based on three horses per pallet on existing scheduled service cargo routes, from their country of origin, or nearest country/airport with scheduled service cargo routes to/from Dubai and return to the same point, together with affiliated charges for UAE Import/Export. For UK/EU origin horses, the use of charter flights will be optimized and wherever possible will be used in preference to scheduled line flights.

Should owners wish to make alternative arrangements relating to the return of their horses, they will be responsible for all charges applicable to this change, however Janah will be able to advise.

All DWCC horses should leave Dubai as soon as transport arrangements have been arranged. Owners wishing to leave their horses in Dubai after the 2023 Dubai World Cup Carnival must gain approval from the DRC.

Horses that remain in Dubai 30 days AFTER the 2023 Dubai World Cup meeting will forfeit their return transport subsidies. Unless, in the case of UK horses, they immediately enter the official 30-day UK return quarantine facility, for permanent export, following the Dubai World Cup meeting.

The cost of road transport from Dubai International Airport to the DRC Quarantine Stables and the return route will be covered by the DRC.

Where charter costs are involved, reimbursement will be at the discretion of the DRC and Janah Company Management, Ltd.

****All GCC horses, whether transported by road or air, will now be coordinated through DRC and Janah Management. No allowance will be issued. ****

Any international horse subsequently INVITED to run at the Dubai World Cup Meeting on 25th March 2023, which is already resident in Dubai, will be eligible for further benefits as per the Dubai World Cup policy.

PLEASE NOTE: If the UK import conditions change in the interim period, connections will be advised through Janah agents.

HORSE SHIPPING CONDITIONS

IMPORT CONDITIONS

Horses from all countries will need to meet, as a minimum, the UAE temporary import conditions appropriate to the country of origin.

Whilst in the UAE, carnival horses will be stabled in regional groups in a designated quarantine facility separated from local horses. Access to these areas will be restricted.

*PLEASE NOTE: Horses entering the UAE which the connections wish to send to a local stable for training (non-isolation stables), must meet UAE permanent import conditions and travel with the appropriate permanent import health certification. Horses will complete standard post import quarantine procedures and then be released to the local population.

POST ARRIVAL RECOVERY PERIOD

- Horses arriving in the UAE will be restricted to their allocated compound at the Quarantine facility for up to 48 hours, depending on the length of journey.
- Horses which travel for less than six (6) hours (stable to stable) will be confined for a minimum of 12 hours after their arrival at the quarantine facility.
- Horses travelling for more than six (6) hours (stable to stable) will be confined for a minimum of 48 hours after their arrival at the quarantine facility.

During this time, they will not be allowed out on the exercise track; they will be closely monitored for recovery from the journey and appropriate testing will be performed based on country of origin.

Exercise will be permitted within the confines of the facility with each compound having a walking ring. The rules are intended to reduce the risk of disease developing in horses and possibly spreading to other horses.

KEY PRE-EXPORT HEALTH REQUIREMENTS DWCC & DWC

EU and UK horses are permitted to remain in the UAE for a maximum of 90 days while competing in the above events and return to origin without further testing.

Any UK horses staying longer than 90 days will be required to complete 30 days quarantine prior to re-export with additional testing.

EU origin horses will require further testing to return to origin if they remain in the UAE for more than 90 days.

Further information regarding pre-export health requirements will be provided directly by Janah Management Company, Ltd.

VACCINATION REQUIREMENTS

Equine influenza vaccination requirements for permanent entry into UAE is compulsory.

Within 60 days of export but NOT within 14 days of export the horse must be administered the following:

- Either a valid primary course consisting of two vaccinations 21 - 42 days apart with the same vaccine (both doses must be administered within the 60 days but not within 14 days of travel.)
- Or a booster to a valid primary vaccination (21 - 42 days apart with the same vaccine) - boosters must be given within 12 months of the primary course, and within 12 months of each booster vaccination. The most recent booster must be within 60 days but not within 14 days of shipping.

If the primary course in the passport does not meet with the required 21 - 42 day interval, or both doses were not the same vaccine then a new primary course MUST be given.

If there is more than 12 months between any booster doses a new primary course MUST be given.

If you are considering travelling your horse to DWCC or DWC please urgently send a coloured scan of the passport vaccination pages to shipping@janah.co.uk so that we can advise if there is any action to take in this regard to ensure shipping.

Equipment accompanying horses on flights

Please note that the following items are NOT permitted to be shipped along with tack:

- Flammables
- Medication
- Batteries
- Supplements

A limited amount of feed can be shipped along with the horse(s) subject to the following:

- Available space on aircraft as advised by Janah
- All bags must be unopened, sealed, labelled, and documented according to instructions received by Janah

Horse feed requirements

Please note that we highly encourage all staff to order horse feed prior to horses arriving in Dubai. To preorder, please contact the respective Quarantine Managers on the Contacts page at the end for a more detailed listing of suppliers and feed available:
